### **Staff Appreciation Special Recognition**

May 5-9, 2025

In alignment with National Teacher Appreciation Week, Traverse City Area Public Schools Board of Education publicly acknowledges and recognizes all staff members of Traverse City Area Public Schools.

On behalf of our greater community, we acknowledge the dedication and commitment of all employees, including those who teach, clean the schools, drive the buses, answer phones, design curriculum, enhance technology, coach, direct, communicate, train, hire, finance and lead the daily operations of our district.

Schools are the hub of a community and TCAPS is no exception. Our community takes great pride in the ongoing successes of our students and all programming. It is said *it takes a village to raise a child*, and today we honor all staff of Traverse City Area Public Schools who make our village a vibrant, safe, and rewarding place for children to learn and grow.
