

Contractor Badge Closeout Expectations

All TCAPS Contractor badges and site keys issued are to be returned to the Owner as part of the project closeout documents. Communication between TCAPS Capital Projects & Planning Department and the project Contractors will contain Instructions for the return of all TCAPS badges issued for the project.

IMPORTANT: All TCAPS Contractor badges must be returned at the conclusion of the project, unless approved by TCAPS for work on other projects. If your company is again selected for capital project work in the future, your badge will be returned to you for the duration of that project.
