

The purpose of my request is very simple, our playground needs to be better. Our Eastern Stars deserve it and we have crossed many hurdles within the last few years that finally this can take some priority and deserves some necessary action steps. We all have memories of our childhood elementary school recess area and I want to lead this charge in making a more diverse, fun, and safe area.

During our last committee meeting we focused on the small improvements that can be funded and made within the next few months (pending the weather). After another face to face meeting with Biz we have narrowed down the focus to the following items:

1. New Medium sized Soccer goals = **\$400.00**
2. New small sized soccer goal to replace broken one = **\$200.00**
3. Obstacle/Agility courses (one for Y5-K, one for 1-5 graders) = **\$5900.00**
4. Paint for brick wall art mural/stars vision and 4 square courts = **\$500**

TOTAL= \$7,000

Thank you for your consideration and if there are more detailed specifics needed please let me know.
