## Wellness School Assessment Tool – Interview to match WellSAT 3.0 Standards for USDA School Meals Section

### SM1 Interview – Food Service Director

Have there been parts of the Healthy Hunger-Free Kids Act (HHFKA) regulations for breakfast or lunch that have been challenging to implement? If yes, are there features of the district's meal program that are not yet in compliance?

| 2 | The respondent is very confident that all meals are in compliance with all elements of the HHFKA.   |

Federal Rule language states that local educational agencies must set "standards and nutrition guidelines for all food and beverages sold to students during the school day" that "are consistent with applicable requirements set forth under 210.10." Additionally, the WIC Reauthorization Act of 2004 states that all wellness policies must "provide an assurance that guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture."

Do students perceive the water and fountains to be clean and safe?
