

Suggested Supply List for 1st Grade

We will be accepting donations for classroom supplies. The following list includes many of the items we will be using in class this year. Some of the items will go into a supply box to be shared with all students. In our classroom we foster the concept of teamwork, sharing, and helping others.

Please choose just a few items, you do not need to purchase everything on the list. We appreciate your help in providing some of the tools the children will be using this year. If you can donate items for our students, you may bring them in anytime during the first few weeks of school.

Thank you so much for your help!
